Timeless Art Journey

As a key part of our initiative at Park Hotel Tokyo, we warmly welcome guests in the Atrium with the traditional Japanese concept of “Shitsurai” creating an environment that harmonizes with the beauty and etiquette of space arrangement, through our ongoing ART colours exhibition. This exhibition transforms with the seasons, offering a year-round journey through spring, summer, autumn, and winter. Each season is meticulously represented through art, capturing the fleeting essence of time and the ever-changing tapestry of the natural world.

Each space within our sanctuary is crafted to reflect the delicate beauty and reverence for nature's cycles, inviting guests to immerse in a serene atmosphere. Seasonal Tea Experience

In the tradition of the tea ceremony, hospitality is tailored to the seasons, dividing the year into the “hearth” season and the “portable brazier” season, reflecting the profound Japanese commitment to harmonizing with nature’s ever-changing tapestry. The revered tea master Sen no Rikyu encapsulated this spirit with his principle, “In summer, provide a sense of coolness; in winter, warmth,” embodying the essence of thoughtful hospitality that attentively accommodates the guest’s comfort in tune with the natural world.
